U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On JANUARY 16, 1977
- Export shipments in
Current Marketing Year
- Daily Sales reported
JANUARY 17-23, 1977
-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of January 27, 1977, (based on reports from exporters for the week ending January 16, unless otherwise noted):

Wheat: Sales activity showed a modest rebound after weeks of relative inactivity. Egypt was the principal buyer, taking 251,000 metric tons (MT) of Soft Red Winter under PL-480. Iran, Japan, Korea and Israel also bought significant quantities. Total sales to the USSR increased by 15,000 MT as a result of sales adjustments. Sales for the 1977/78 marketing year (MY) rose by 110,500 MT, as Ecuador switched 40,000 MT of Hard Red Winter from the current MY, Korea bought 40,000 MT of White Wheat and sales to unknown destinations were adjusted upwards. The pace of weekly exports continued to drag.

Corn: After a number of relatively slow weeks, sales activity picked up totalling more than 1 million MT. Large new sales were reported to Japan, Spain, The Netherlands and to unknown destinations. Changes from unknown to specific destinations were sizable, benefitting principally the EC, Korea, Taiwan and Japan. Total sales to the USSR dropped by 26,000 MT as a result of contract adjustments. The Netherlands purchased an additional 50,800 MT for shipment next MY. Under the daily reporting system, West Germany bought 101,600 MT for shipment this MY. Exports picked up, exceeding 1 million MT for the first time since the last week of November 1976.

Barley: Sales activity was up slightly from the level of the preceding four weeks. However, sales to unknown destinations accounted for most of the new business. A 60,000 MT sale to Poland for shipment in the 1977/78 MY was shifted from U.S. origin to optional origin. Weekly exports were nil.

Grain Sorghum: Sales activity was the heaviest to date this MY. Japan was the largest customer, increasing its total purchases by 181,700 MT. Peru entered the market for the first time this MY, buying 50,000 MT. Israel, The Netherlands and Spain also made significant purchases. Weekly exports continued to improve, totalling the fourth heaviest so far.

Rice: Commercial sales continued to be the mainstay of the rice export market. Iran added to its earlier purchases, bringing the total for the MY to 285,200 MT and making it by far our largest commercial customer. Switzerland and Saudi Arabia were the next heaviest buyers. There were no new reports on PL-480 sales.

Cotton: Activity increased this week as sales and exports were good, but widely dispersed geographically. Additional sales were made to Korea, Ghana, Spain, Portugal and Taiwan.

Soybeans: Total sales to known destinations increased by 413,200 MT as the EC, Japan, and Peru made major purchases. However, unknown destinations decreased by 212,800 MT, resulting in a net increase in total sales of only 200,400 MT. Optional origin sales of 62,200 MT to the USSR were reported as U.S. origin and shipped. This was partially offset by a switch of 22,900 MT from the USSR to Japan. Exports were the heaviest for a number of weeks.

Soybean Oil: Weekly sales surged as India purchased 30,000 MT plus an additional 20,000 MT of optional origin. Sales to unknown destinations and to Peru increased by 8,300 MT and 7,000 MT respectively. Exports were nil.

Soybean Oil Cake and Meal: Sales adjustments by France and The Netherlands more than offset new sales to the rest of the EC, resulting in a net reduction to the EC. Sales to Eastern Europe and to unknown destinations accounted for most of the weekly increase in total sales.

Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
